

PEXA Headquarters, Melbourne

Case Study

For the new offices of online conveyancing company PEXA, at Tower 4 Collins Square in Melbourne, record Automatic Doors installed two STA 20 single sliding frameless glass doors to either side of the reception area.

Each door is 2100mm wide x 2800mm high and weigh 180kg each. The doors operator via card readers outside and push button inside.

The office fitout was designed by Futurespace and completed by Schiavello.
